COMPOSITE DOORS

A new composite door is only a safe investment if it provides uncompromising security, offering the vital reassurance you need whether you are inside or away from your home.

This investment becomes even more attractive if robust security features are concealed, unobtrusive and in fact pleasing to the eye. And if you needed to warm to the idea of a new composite door any more, you'll be pleased to hear that the core of the door slab, the frame that houses it and the glass encased within it are all thermally efficient and designed to prevent heat loss.

Composite doors used to be a nice-to-have for many homeowners, but Composite Doors have become a must-have for those who are serious about securing, improving and investing in their home.

PICK YOUR COLOUR

STANDARD COLOURS

Choose from our Standard collection of colours and woodgrains to give your entrance door that timeless, traditional finish.

PREMIUM COLOURS

Give your door some unique kerb appeal.

The Premium selection features a mixture of on-trend and vibrant colours and woodgrain finishes.

BE BOLD WITH COLOUR

Our doors can be personalised in a whole range of classic and exciting dual colours. With a variety of different colours to choose from, you'll be spoilt for choice.

MATCHING FRAME COLOUR

We offer a matching door and door frame on selected colours. Just ask one of our friendly designers for guidance, we will be more than happy to assist.

*Door colours shown in this brochure should be used for guidance only. We have made every effort to match the colour and stain you see in the brochure so it's as close as possible to our paint when applied to the doors. Due to the nature of the product, it is applied to, there is sometimes a difference between them which we cannot avoid. The colour, intensity and sheen level may differ from the paper print version, and we do not accept liability for this for whatever reason.

OUR CASSETTE SYSTEM

STANDARD

The traditional choice. This moulded design and woodgrain finish suits a more conventional door design.

FLAT GRAINED

Be eclectic by combining a woodgrain finish with a modern squared-off flat profile that complements a contemporary flush door.
